**Contact Information**      Name \_\_\_\_\_

Address \_\_\_\_\_

Email \_\_\_\_\_ Tel \_\_\_\_\_

### **Program Type**

Public Infrastructure/Facility \_\_\_\_\_ Downtown Revitalization \_\_\_\_\_

Public Service X      Housing \_\_\_\_\_      Economic Development \_\_\_\_\_

Estimated Project Cost: \$36,000      Estimated CDBG Request \$18,000

**Provide a clear, concise description of the project**

The scope of work for the project should be outlined. Depending on the nature of the project/activity include in your response: What will be built? What will be provided? Who will be served? Where will the project occur?

**What will be provided:** The Parks & Recreation Department is seeking funding for the purchase of a 12-to-14-passenger van to be utilized for recreation programs serving youth, adults and senior citizens in Standish.

**Who will be served:** Given the rural location of the community and lack of indoor and outdoor recreation facilities for its citizens, many program offerings require transportation to another location.

For example, transporting kids to an out-of-town gymnastics facility, swimming pool, gymnasium, hiking trail or park is a regular occurrence. Transporting senior citizens is also standard practice for parks and recreation.

Traveling with senior citizens to luncheons, special events, shopping, museums and performances is one of the many ways that parks and recreation can assist in combatting isolation and depression. By bringing together community members for various events and activities, we are helping to improve the quality of life in the Town of Standish.

It is a top priority of the parks and recreation department to offer these valuable programs at an affordable rate so they can be accessible to all who wish to participate.

**Identify which National Objective of the CDBG program the project will meet**

- X Low/moderate income: Area-wide benefit
- Low/moderate income: Direct benefit (primarily housing rehabilitation)
- Low/moderate income: Limited clientele (primarily public service projects)
- Prevention or elimination of slum/blight conditions
